

# double-pointed darts in action:

by Jen Allen: [www.jenallenceramics.com](http://www.jenallenceramics.com)

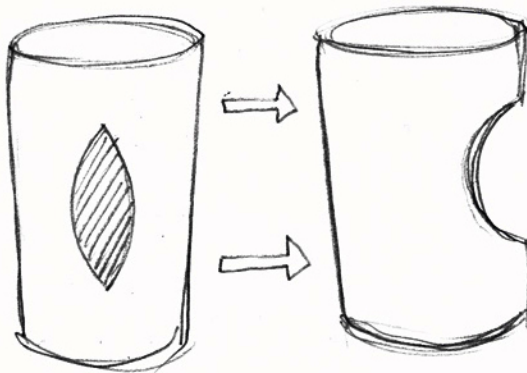

①  
double-  
pointed dart  
from top to  
bottom of form.

②  
double-  
pointed dart  
in the middle  
of the form

③  
same as ②  
but wider  
dart cut out  
exaggerates  
profile and  
removes more  
volume

④  
two double-  
pointed  
darts cut on  
opposite  
sides of form
